

DETAILED PRODUCT INFORMATION AVAILABLE
AT: www.ICTLLC.net

PROUDLY REPRESENTING: REAL-TIME PROCESS ANALYTICS, INSTRUMENTATION, AND SENSORS TO
PROCESS MANUFACTURERS.

The authority on real-time, online monitoring of live cell biomass.

Open Path and Fixed Gas Detection Products and Services, Man Down Stations.

pH, ORP, Conductivity, D.O., O₂ Analyzers, Turbidity and Suspended Solids.

Portable Gas Detection & Safety Products.
Gas Detection.

Engineering process systems to create integrated solutions that can dramatically improve operations in industrial, commercial, power, and nuclear power applications.

Monitor temperature, humidity, & CO₂ in real time
Raising the Bar for Excellence

Real-time, in-line process analyzers based on spectroscopy (NIR, LIF, UV, VIS) to measure solids, liquids and gases.

Economical Smart pH, ORP, Conductivity, Dissolved Oxygen, Chlorine Dioxide, and other water quality sensors and transmitters.

Direct Reading Liquid Level/Flow Indicators, Magnetic Level Gauges, Magnetostrictive Level, Point Level Switches, and Laser Level Transmitter.

Process Measurements & Control Products for Flow, Temperature, Level, and Pressure Measurements.

Temperature Sensors, RTD's and Thermocouples.

Temperature and Pressure Instrumentation.

Full-line continuous and point level controls and transmitters.

Manufacturer of Direct Drive Pressure Gauges & Pressure Regulators.

PO BOX 995, ST. PETERS, MO 63376

ALLIANCE AND DISTRIBUTOR PRODUCTS

 <p>Digital panel meters, including temperature controllers, loop-powered indicators and process meters.</p>	 <p>Stocking programs for complete temperature loops from sensors to transmitters and everything in-between.</p>
 <p>UPS system, Battery Packs, Bypass Switches and related power protection products</p>	 <p>Signal Conditioners Isolators, Process Transmitters, Vibration Monitors and Leak Detection.</p>
 <p>Patented, high frequency transformerless on-line UPS.</p>	 <p>McDaniel, the largest and finest selection of pressure gauges available.</p>
 <p>Medical-grade UPS system.</p>	 <p>Universal I/P Transducer and Air Regulators.</p>
 <p>Real-time live climate and power monitoring systems for temperature, humidity, air flow, lights, power, water leakage, and door position.</p>	 <p>Direct Drive Temperature, Pressure & Flow Products</p>
 <p>Over fifteen models of air-cooled and water-cooled air conditions. Airrex is a premier manufacture of portable cooling systems.</p>	 <p>Complete line of code complaint battery spill containment and facility safety equipment, from clean-ups kits to protective eyewear. Enviroguard has the certified equipment mandatory for battery rooms and hazardous material work environments.</p>
